

# Baby Talk - Baby Play

## Parenting Programme

The programme runs for  
new born to  
2 years

Nursery Nurses deliver the programme to parents & babies at home and use age appropriate toys to demonstrate stimulating play and language.

The Baby Talk Baby Play programme helps parents understand their child's developmental stages and therefore create a strong bond with them.

Parents are visited every 3 months, from the baby's early weeks until they are 1 year old and every 6 months until they are 2 years old.

A Baby Talk Baby Play folder is given to parents with the appropriate chapter informally discussed and left at each visit.

Please call the  
Family Visiting Team on  
0118 9207510  
To find out more
